(171) Le tableau des dimensions sous cette présentation simplifiée, sert uniquement à référencer les numéros des pièces de rechange qui figurent dans ce catalogue. Les amortisseurs ne doivent en aucun cas être choisis uniquement en fonction des dimensions, car même en présence des mêmes dimensions extérieures, des forces d'amortissement complètement différentes peuvent être générées. Les amortisseurs avec les mêmes dimensions extérieures mais de forces d'amortissement différentes, risquent de perturber gravement la sécurité du véhicule !

(171) La tabla de medidas en esta representación simplificada sirve exclusivamente para la referenciación de números de repuestos contenidos en este catálogo. Los amortiguadores no se deberán elegir exclusivamente por sus medidas, porque se pueden generar fuerzas de amortiguación completamente diferentes también en el caso de que las medidas exteriores sean las mismas. ¡Los amortiguadores con las mismas medidas exteriores pero fuerzas de amortiguación diferentes pueden perjudicar considerablemente la seguridad del vehículo!

Os amortecedores não devem ser selecionados exclusivamente com base nas medidas, uma vez que mesmo com medidas externas iguais podem ser geradas forças de amortecimento completamente diferentes. Amortecedores com medidas externas iguais, mas forças de amortecimento diferentes podem comprometer significativamente a segurança do veículo!

Ammortizzatori aventi stesse dimensioni esterne e potenze differenti possono mettere in serio pericolo la sicurezza del veicolo!

(171) De maattabel in deze vereenvoudigde weergave is uitsluitend bedoeld als referentie voor onderdeelnummers die in deze catalogus staan. De schokdempers mogen in geen geval uitsluitend op grond van de afmetingen worden geselecteerd, omdat ook bij gelijke buitenmaten geheel verschillende dempingskrachten kunnen worden gegenereerd. Schokdempers met gelijke buitenmaten, maar met verschillende dempingskrachten, kunnen de veiligheid van het voertuig aanzienlijk nadelig beïnvloeden!

(171) Den förenklade måttabellen är endast till som referens för reservdelnummer som finns i den här katalogen. Stötdämparna får inte väljas enbart efter måtten, eftersom helt olika dämpkrafter kan skapas trots lika utvändiga mått. Stötdämpare med lika utvändiga mått men olika dämpkrafter kan i hög grad påverka fordonets säkerhet negativt!

(171) Mittataulukot on tässä yksinkertaistetussa esityksessä tarkoitettu ainoastaan tässä luettelossa olevien varaosanumeroiden vertailuun. Iskunvaimentimia ei missään tapauksessa saa valita ainoastaan niiden mittojen perusteella, koska vaikka ulkomitat ovat samat, voivat ne saada aikaan täysin erilaisia vaimennuksia. Ulkomitoiltaan samanlaiset iskunvaimentimet, joiden vaimennusvoima on kuitenkin erilainen, voivat vaarantaa vakavasti ajoneuvon turvallisuuden!

(171) Таблица размеров в этом схематичном представлении служит исключительно для соотнесения с номерами запасных частей, содержащихся в этом каталоге. Амортизаторы ни в коем случае не следует выбирать лишь по размерам, так как даже при одинаковых габаритах могут возникать абсолютно разные демпфирующие усилия. Амортизаторы с одинаковыми габаритными размерами, но отличающиеся по величине демпфирующего усилия, могут значительно снизить уровень безопасности автомобиля!

(171) Ezen az egyszerűsített ábrázoláson lévő méret táblázat kizárólag hivatkozással szolgál a jelen katalógusban található pótalkatrészszámokhoz. A lengéscsillapítókat semmi esetre sem szabad kizárólag a méretek alapján kiválasztani, mivel azonos méretek esetén teljesen eltérő csillapítóerők is keletkezhetnek. A gépjármű biztonságát jelentősen veszélyeztetheti az azonos külső méretekkel, de különböző csillapítóerőkkel rendelkező lengéscsillapítók alkalmazása!

(171) În această reprezentare simplificată, tabelul cu dimensiuni servește exclusiv ca referință pentru numerele pieselor de schimb cuprinse în acest catalog. Amortizoarele nu trebuie în niciun caz alese exclusiv pe baza dimensiunilor, deoarece chiar în condițiile acelorași dimensiuni exterioare pot fi generate forțe de amortizare complet diferite. Amortizoarele cu aceleași dimensiuni exterioare dar forțe de amortizare diferite pot afecta în mod considerabil siguranța vehiculului!

Amortizeri se nikako ne smiju odabirati isključivo na temelju dimenzija, jer se i u slučaju potpuno jednakih vanjskih dimenzija mogu stvarati potpuno različite sile prigušivanja. Amortizeri jednakih vanjskih dimenzija, no različitih sila prigušivanja mogu znatno ugroziti sigurnost vozila!

(171) Ο πίνακας διαστάσεων σε αυτήν την απλοποιημένη παρουσίαση χρησιμεύει αποκλειστικά ως πηγή αναφοράς για αριθμούς ανταλλακτικών που περιλαμβάνονται σε αυτόν τον κατάλογο.

Οι αποσβεστήρες δεν επιτρέπεται να επιλέγονται βάσει των διαστάσεων, διότι ακόμα και αν έχουν τις σωστές εξωτερικές διαστάσεις, μπορεί να διαφέρουν πολύ οι δυνάμεις απόσβεσης.

Οι αποσβεστήρες με τις ίδιες διαστάσεις αλλά με διαφορετικές δυνάμεις απόσβεσης, μπορεί να μειώσουν σε μεγάλο βαθμό την ασφάλεια του οχήματος!
